Not only in ensuring prompt and efficient delivery of ordered items at very competitive pricing but their ability to source products and provide effective visual merchandising solutions is unsurpassed.

I have no hesitation in recommending Apex Display to any size retailer.

Graham, City Beach

Welcome

With just seven seconds to lure your customers before they decide to leave or stay, the image of your store and the emotions it evokes are your most powerful attention-grabbers.

At Apex Display we know that attractive and engaging retail displays forge the backbone to success in bricks 'n' mortar stores. We've been in this game for over 40 years, so creating such spaces without breaking the bank is where our secret lies.

ABOUT US

Apex Display works with individual retailers, chain stores and retail designers to create successful bricks 'n' mortar stores. Our range of shopfittings systems, shop floor displays and shop supplies are perfectly suited to the large majority of retail requirements. Our shopfitting systems offer the flexibility of customisations, giving retailers all the perks of custom-built solutions, without the overwhelming price tag.

Through years of working closely with retailers in Australia, we have witnessed the passion and courage that's built their retail dream. We love doing what we do and we're here to see retail entrepreneurs succeed. Our heart and soul backs everything we do, so you can depend on us to do what we say.

WHY YOU WILL LOVE APEX DISPLAY

✓ UNRIVALLED RANGE

We stock a large range of shopfitting systems, shop floor displays and shop supplies to suit every style and budget. Our range is always evolving to help retailers stay at the top of their game.

✓ CONSISTENCY

Both in quality and in service, we believe that consistency is integral to building long-term reputable relationships. We're proud to say we've built a heritage of this.

✓ 40+ YEARS OF SPECIALIST EXPERIENCE

We've been working with Australian retailers for over forty years. We understand the ins-and-outs of the retail trade and with this valued industry experience you can trust us for all your retail requirements.

✓ PASSIONATE CUSTOMER CARE

Customer service is not just a slogan – we love to help. As a family owned business, our passion to help retailers succeed governs us everyday. Our customers are our greatest asset, so we always go above and beyond to ensure their satisfaction.

✓ ALWAYS SIMPLE. ALWAYS EASY.

In today's complicated world, we aim to make your experience with Apex Display as it should be – easy. Shop online 24/7, order over the phone or make a purchase instore. We offer same-day dispatch for all in-stock orders placed before 12pm.

All prices displayed in this catalogue are correct at time of printing and are subject to change without notice. All prices exclude GST & delivery. E & OE.

UniSlot H-Frame Gondola

UniSlot Specifications

WHAT ARE BAY WIDTHS?

Bays are the gap between two post centres and several connected bays make a run. Bay width is the measurement between the centre of one post to the centre of the next post. UniSlot is designed to suit bay widths of 600mm, 900mm & 1200mm.

600MM BAYS

- Offer maximum flexibility
- Ideal for displaying heavier items
- Can be used effectively as feature sections in between 900mm and 1200mm bays

900MM BAYS

- Offer a balanced look for hanging or shelving
- Custom back panels and shelving are not as cost efficient as 600mm or 1200mm

1200MM BAYS

- Most cost-effective bay width
- Fast to setup with less parts
- Not recommended for heavy hanging or shelving (eg. leather jackets or ceramics)

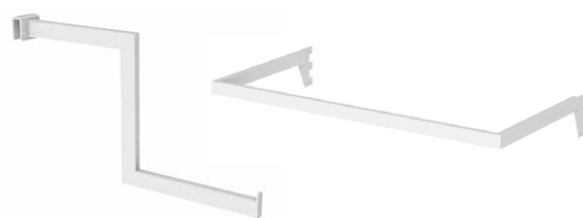

WHAT IS PITCH?

There are several slotted post systems on the market, however they are not all interchangeable. UniSlot is a 40mm pitch system, meaning the vertical distance from the top of one slot to the top of the next slot is 40mm. The 15mm wide block punched hole allows up to four accessories (e.g. two hangrails and two back panels) to be fitted at the same level, into the same slot.

GARMENT HANGING OPTIONS

Front-on or forward facing displays help customers visualise garments, whilst side-on hanging enables greater stock holding and easier size identification. Front-on hanging is achieved using crossbars (or back rails) with faceout arms such as straight, stepped or sloping arms. Side-on hanging is achieved using a hangrail or hangrail attachment on a crossbar.

METAL FINISHES

All UniSlot metal components are available in white and black powdercoat. Selected items are available in plated chrome finish.

TIMBER FINISHES

UniSlot timber components are locally manufactured in our standard finishes - white, black and Native Oak. Our Premium Finishes range of FlexCorp and Laminex finishes allows you to create your unique look.

UniSlot Wallmount

UniSlot Wallmount is a tried and tested shopfitting system, constructed with a strong block-punched metal post and with a large range of functional accessories available. The 40mm pitch, block-punch enables several fittings to clip into each slot for functionality and flexibility in merchandising.

The posts can be mounted directly to the wall or onto horizontal timber battens against the wall. Using battens allows for the posts to clear the front of existing skirting boards and ensures the weight from the system is transferred to the floor through an adjustable glide.

Offset Post Mounts are available as an optional accessory, creating a slightly different look by mounting the posts approximately 70mm off-the-wall. Aside from aesthetic reasons, this makes installation around services such as electricity and water pipes easier. Offset mounts also ease installation on uneven walls to enable the system to be flat along the front.

UniSlot Feature Pod

CABINETRY STYLE - DESIGNED TO BE CUSTOMISED

UniSlot Feature Pod

The UniSlot Feature Pod brings together traditionally luxurious cabinetry and modular shop fitting systems, enabling retailers to create high-end displays within a conservative budget. The system combines 'drop-in' cabinetry units, LED lighting and designer finishes into alluring and effective retail displays.

Accent lighting in bricks 'n' mortar retail stores is imperative to enhancing merchandise and attracting the attention of shoppers. UniSlot Feature Pods bring the possibilities of LED under-shelf lighting to budget-conscious retailers, without forgoing the merchandising flexibility of block-punched post-and-rail systems.

UniSlot Feature Pods are created by adding modular wing panels, back panels, header units and drawer units to the Wallmount system. Our 'plug-and-play' LED lighting can be seamlessly integrated into shelves and headers, bringing to life your products and ultimately creating a retail masterpiece.

UniSlot.

ENHANCE

Illuminating your products with LED lighting helps arouse the emotions of shoppers and influence their buying decisions.

ENGAGE

Creating memorable shopping experiences with LED lighting ensures a unique and attractive atmosphere.

INFLUENCE

Using LED lighting to highlight featured or promotional ranges can encourage impulse sales.

Attract & Engage

WITH INTEGRATED LED LIGHTING IN YOUR STORE DISPLAYS

To help sell your products, our LED lighting integrates with UniSlot to provide a seamless under-shelf lighting solution. The plug-and-play functionality makes moving the shelves an effortless task.

Contact Apex Display to create an engaging LED display.

Premium Timber Finishes

With Premium Finishes, nothing's stopping you from rising above the status quo.

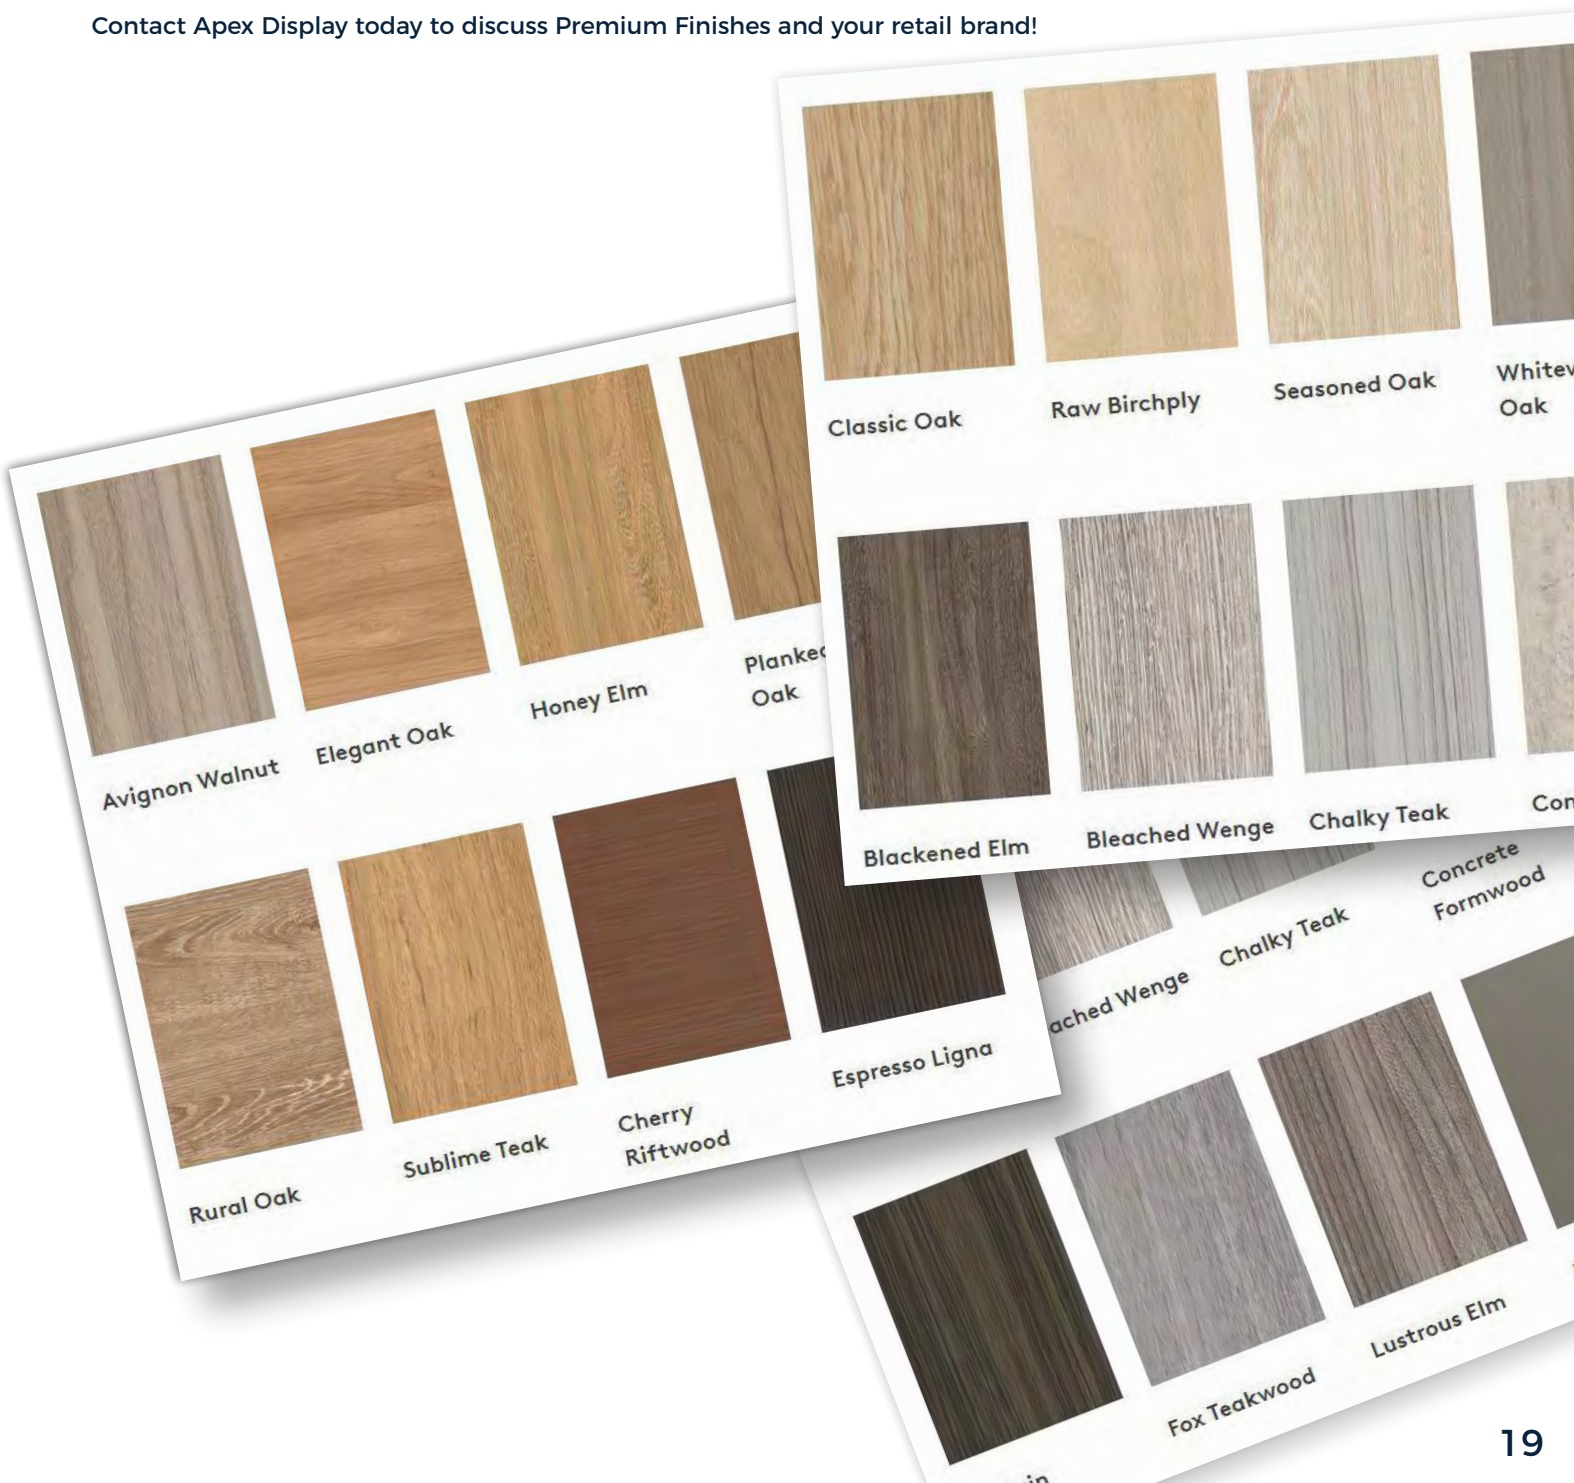

We manufacture our UniSlot timber accessories, Slatwall panels and accessories and Timber Counters in-house, enabling you to create your own style without breaking the bank. With hundreds of textures available from the Laminex and FlexCorp designer ranges, we can customise your shopfittings to look just as you dreamed.

It's not difficult to overlook the power your own store theme can have on customers. High-end retail stores almost always have elegant finishes, from the latest trending colours, to woodgrains or even marble. With in-house manufacturing, we are able to control the design and construct process, leaving you with peace of mind, excitement and ultimately an attractive, engaging and profitable retail store!

Still aren't convinced that you can rise above the 'black and white noise'? We'd love to talk to you, because stepping out from the crowd and taking your bricks 'n' mortar store from good to great is just within reach. Request a timber sample from Apex Display.

Contact Apex Display today to discuss Premium Finishes and your retail brand!

UniSlot Cube
DISPLAY IT. FRAME IT. SELL IT.

UniSlot Cube

Cube is our newest addition to the UniSlot range. A retail game-changer, Cube provides endless possibilities with a small number of components. By dividing the store into small sections, UniSlot Cube enables customers to focus on different labels, product ranges, colours or sizes.

Cube is a freestanding system, perfect for retailers in today's fast-changing fashion, homewares and sporting industries. Constructed with fully-welded frames, visual merchandisers are offered the flexibility of forward and rear hanging. The frames are simply bolted together to form 600, 900 or 1200mm bays to suit the desired store theme.

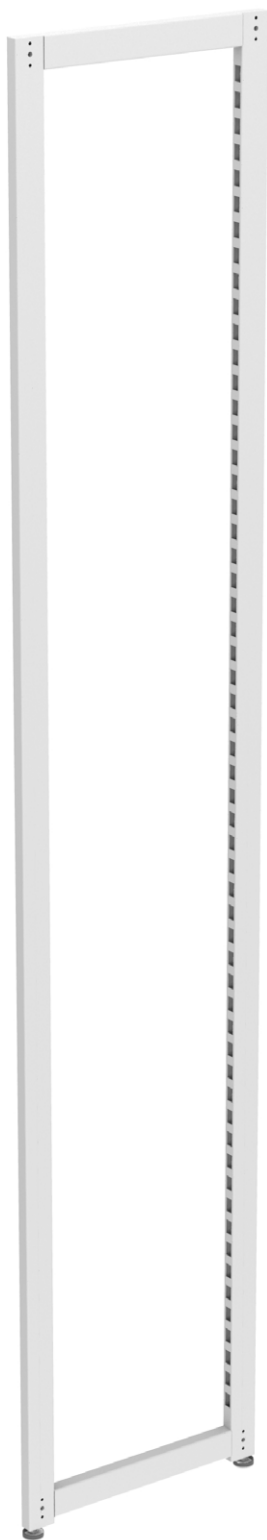

Open your merchandising talent to the flexibility of the full range of UniSlot accessories – from clip-in slatwall or pegboard back panels to shelves, hangrails and display hooks. Add your unique touch to UniSlot Cube by selecting customised timber finishes – without breaking the bank!

UniSlot Freestand

SIMPLER. SAFER. STRONGER.

UniSlot Freestand

The UniSlot Freestand system is designed with both safety and ease of use in mind. It enables retail shops to be set up in the shortest possible time, without forgoing aesthetics and functionality. Freestand is designed to be assembled quickly, easily and without affecting the walls and floors of your store.

Constructed with traditional block-punched posts and joining beams, UniSlot Freestand bolts together, ensuring stability and strength for peace of mind. The system can be dressed up with UniSlot accessories – from clip-in slatwall or pegboard back panels to shelves, hangrails and display hooks.

Retailers are no longer limited to traditional black and white timber shelves, with timber UniSlot accessories available in the FlexCorp, Laminex or Formica range of finishes. Your budget will be taken care of, because we manufacture them in our Brisbane workshop – just for you. It's custom, but it's not.

And of course, when the time comes to move to your next shop, simply pull your shopfittings down and set them up again – without the costs of a makegood!

UniSlot Modular Gondola

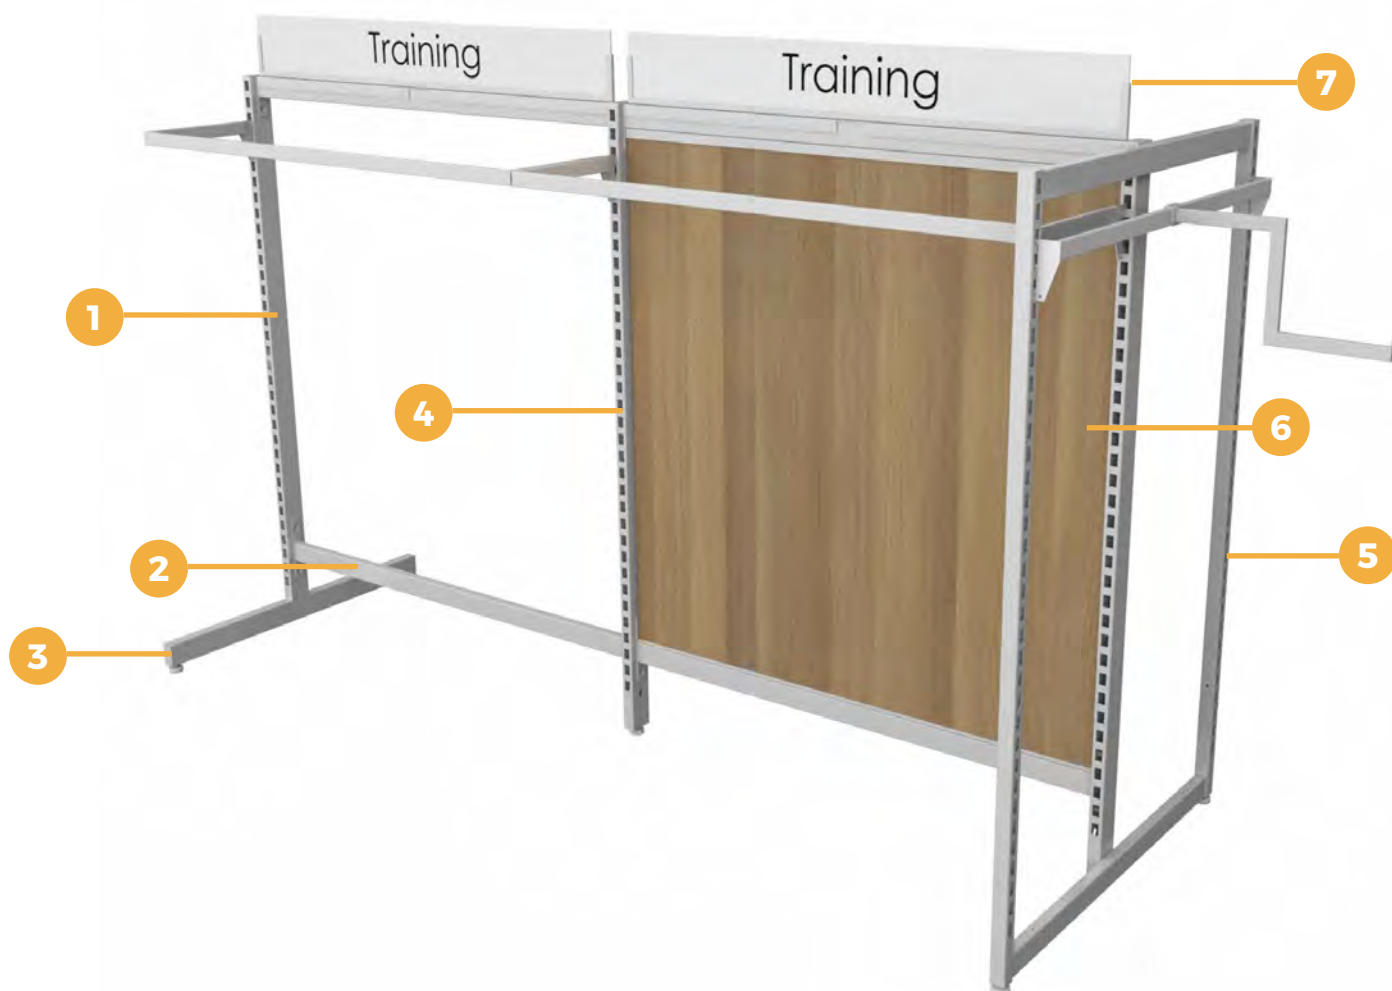

THE SIMPLE, SAFE GONDOLA SYSTEM

UniSlot Modular Gondola

UniSlot Modular Gondolas are designed for retailers requiring a flexible merchandising solution in the centre of their store. Ideal for larger stores such as sportswear, fitness supplements and even department stores, UniSlot Modular Gondolas are easy to assemble and maximise your retail space.

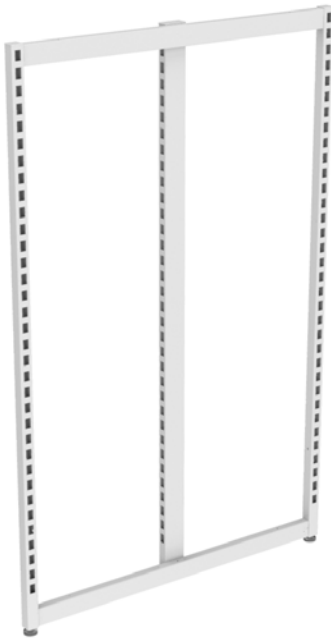

With structural safety taking first place, the UniSlot Modular Gondola system features fully welded end frames and integrates with the robust UniSlot Freestand system for long gondola runs. 1455mm high gondolas can be built in bay widths of 600, 900 and 1200mm as required and custom timber back panels can be added to provide product clarity and store theming. Castors can be added to short runs of your UniSlot Modular Gondola for mobility and to assist in cleaning.

Accessorise your UniSlot Modular Gondolas with our extensive range of UniSlot accessories. Help customers navigate your store by adding signage to the top of your gondola with the UniSlot Gondola Signholder.

WANT AN OUT OF THE BOX SOLUTION?

UniSlot H-Frame Gondolas are a complete gondola frame in a box, ready to be merchandised to suit your store.

SEE PAGE 37

UniSlot H-Frame Gondola

VERSATILE SHOP FLOOR DISPLAY

UniSlot H-Frame Gondola

The UniSlot H-Frame Gondola is a cost-effective yet highly versatile floor display unit. The block punch post design accepts the full range of UniSlot accessories such as shelves, hangrails, display hooks and back panels. This enables retailers to use various merchandising techniques depending on the stock, the season or the position of the display.

H-Frame Gondolas feature fully welded frames for stability, enabling them to be mounted on castors for mobility around your store. Gondola toppers are available in two different sizes to rest on the gondola, perfectly finishing your display. Small toppers enable greater visibility of the products below - especially when using hangrails, whilst larger toppers cover the entire gondola for maximum merchandising space.

UniSlot Gondola Signholders can be used in place of a gondola topper to promote merchandise and help shoppers navigate your store.

- 1 UNISLOT H-FRAME GONDOLA FRAME**
- 2 UNISLOT GONDOLA TOPPER**
- 3 UNISLOT TIMBER SHELVES**

Struggling to visualise it?

Don't worry – we can help! Our 3D design service will help you visualise your store and plan all aspects including layout, colours and design.

We would love to talk about your dream store!

Consider the following questions:

- Is there a store look that you like?
- What are you wanting to display?
- How big is your store?
- What is your budget?

VISIT OUR SHOWROOM OR CALL US ON 1800 111 488

“

The staff were very helpful in creating 3D designs on how the store might look. The displays were beautiful and easy to assemble. We assembled the whole store on our own.

Sid, Phone Buzz, Benowa Gardens

It's a no-brainer

DIY ASSEMBLY SAVES YOU TIME AND MONEY

UniSlot is designed for simple, fast and easy assembly. Speaking to us early in your shopfit process can save you thousands.

Peggie

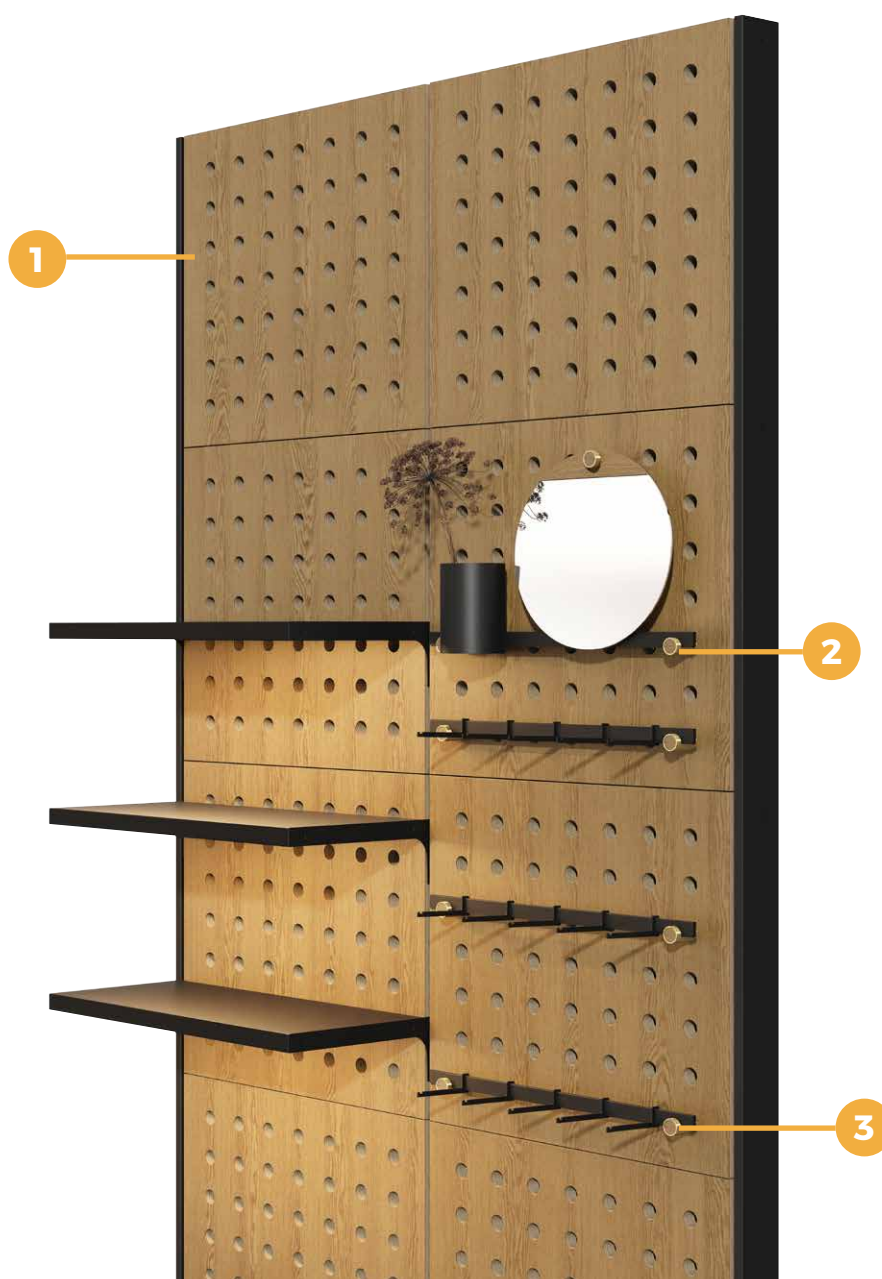

EARNEST, ENGAGING AND DEPENDABLE

Peggie

Peggie is a boutique display system for a modern and homely shop theme. She is best used sparingly, and Peggie is not for everyone. Peggie integrates seamlessly with UniSlot as prestige back panels. Alternatively, Peggie can be mounted directly to a wall as a feature display using optional wall mount brackets.

Peggie back panels are machined from melamine faced ply for ultimate strength and durability. The 75 x 70mm grid pattern of the unique Peggie holes creates an aesthetic backdrop for merchandising. But, they're not just holes - each Peggie hole is carefully tapered to provide a snug fit for the Peggie Pegs which physically lock into the panel for secure merchandising.

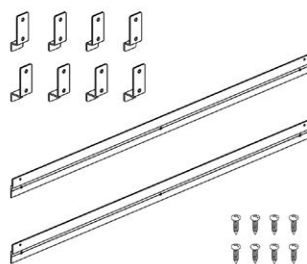

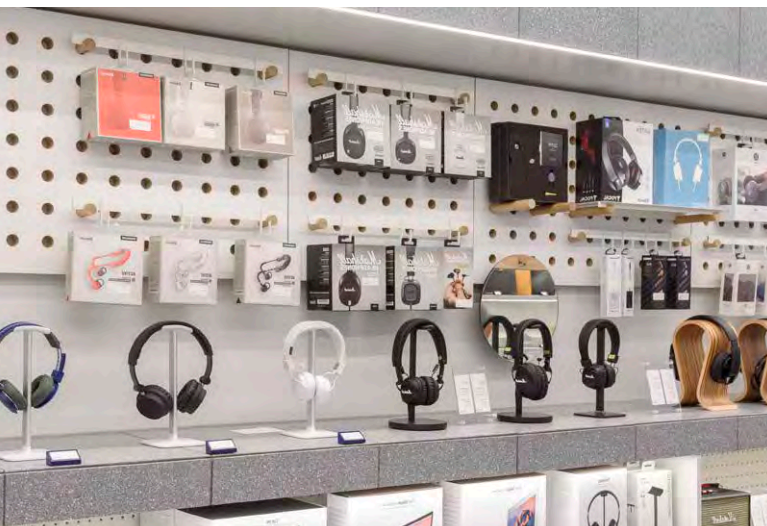

Panels, Pegs and a variety of carefully imagined accessories, for merchandising only the finest quality products. Peggie is available in a variety of timber finishes and will be sure to add that touch of class to your store that only Peggie can provide.

1 PEGGIE BACK PANELS

2 PEGGIE PEGS

3 PEGGIE HANGING & DISPLAY ACCESSORIES

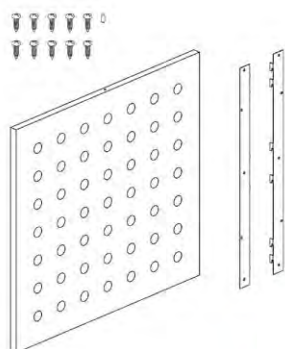

WALLMOUNT BRACKETS

Use to attach Peggie and Plain Panels to wall. Fasteners to fix to wall not included.

Concealed Stripping

SHOPFITTING WITH A DIFFERENCE

Concealed Stripping

Concealed Stripping is a premium solution to store theming by concealing everything other than the critical metalwork. This allows designers and shop owners to create displays of maximum impact with custom timber back panels. From hand-picked laminate finishes to Hamptons style VJ paneling, the options with Concealed Stripping are endless.

The aluminium profiles of Concealed Stripping are precision machined with 40mm pitch slots. This enables you to accessorize your system with the standard range of UniSlot accessories such as shelves, hangrails and forward-facing arms. Of course, you can continue your prestige theme by speaking to us about premium timber finishes.

The minimalist design of Concealed Stripping requires careful installation using hidden fixings. This is generally completed by a shopfitter or cabinetmaker, as careful attention must be paid to uneven walls and fine details. However, the results of a well-planned installation are very rewarding.

1 DOUBLE SLOT CONCEALED CENTRE STRIP

2 VJ LOOK CUSTOM INFILL PANEL

3 UNISLOT TIMBER SHELF & BRACKETS

Available in white, black, Native Oak and Premium Finishes.

4 UNISLOT CROSSBARS & HANGING ACCESSORIES

Slatwall

VERSATILE WALL COVERING SYSTEM

Slatwall

Slatwall is one of the most popular shopfitting systems in Australia. It is a very cost-effective solution to cover an entire wall but can also be used effectively as feature panels. Custom Slatwall colours and groove spacings are not often exploited by retailers. However, with some careful thought as to the unique requirements of your store, Slatwall can be designed to create a very minimalist but effective display.

Standard Slatwall features evenly spaced slots which accept a large range of accessories such as slatwall shelves, hangrails and acrylic bins. Slatwall is readily available as a commodity product in 100mm centre white panels. These are often mass produced offshore using an inferior grade of MDF which can break under load. Our Slatwall is Australian made, for ultimate strength and durability.

Standard Slatwall sheets feature a half-groove along one side, which enables horizontal sheet joins to be completely concealed using an additional Slatwall insert. Slatwall is simple to install but does require handling large, flexible sheets of board. We recommend fixing Slatwall through the insert every 200mm vertically and 600mm horizontally.

1 SLATWALL BACK PANEL

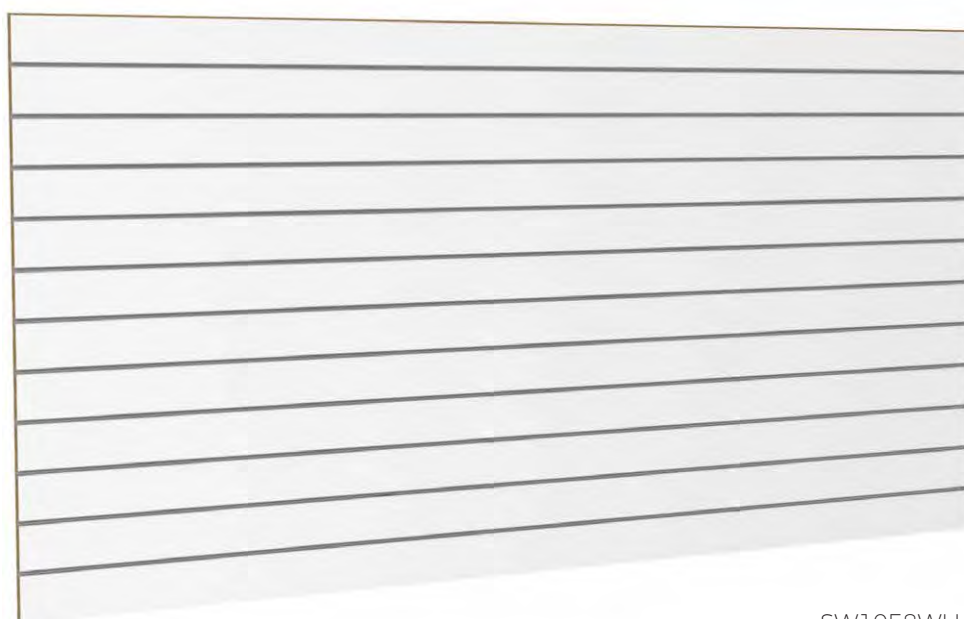

2 SLATWALL DISPLAY HOOKS

3 SLATWALL SHELVES & BRACKETS

4 SLATWALL HANGING ACCESSORIES

Timber accessories available in white, black, Native Oak and Premium Finishes.

Kupo

The Kupo Display System is a quick, convenient idealistic way to exhibit your merchandise to the face of your clients. The polished aluminium poles simply tension between the floor and the ceiling, and if required to be free standing a circular disc plate can be utilised for stability. For higher ceilings over 3.7m, simply add an extension pole which increases height by up to 1.3m.

Whether you need to hang apparel, or shelve homewares, expensive cosmetics or display shoes and accessories, you can do it in confidence with Kupo.

- 1 KUPO TELESCOPIC FLOOR-TO-CEILING POLE**
- 2 KUPO GLASS SHELVES**
- 3 KUPO SLAT PANEL & ACCESSORIES**
- 4 KUPO HANGING ACCESSORIES**

For full range of Kupo display accessories see pages 96-99.

KERRIE, KA EMPIRE - MOUNT ISA

From the first time I spoke with Elise on the phone I knew they were the people I would be buying from. Apex turned a daunting and anxious time into an easy and exciting time. Next time you want excellent service, excellent response and an even better product go and see the Apex team.

JOE, ELITE SUPPS - WEST BEACH

I received great service from Phil and the team at Apex Display. The turnaround time for delivery and the quality of the products were first rate. I would highly recommend using Apex for any shopfitting supplies you may require.

SAJAT, SPORTSMANS WAREHOUSE - WAGGA WAGGA

The Apex Display team completed the fitout within one week and we were open to trade all the way through. We have complete peace of mind dealing with the Apex team and would enthusiastically recommend them to any retailer.

Near, far, wherever you are

APEX DISPLAY WORKS WITH RETAILERS NATIONWIDE

From shopfittings to shop floor displays and shop supplies, we're ready to help you with all of your retail needs, large or small. Call us today.

ROBBIE, NOTHING OVER 22 - CAIRNS

Apex Display was very professional in helping me set up my shop. Their racks and fittings are of top quality and their staff were helpful. I will be using them again for my next shop fitout and would happily recommend them.

ERIN, SPORTSMANS WAREHOUSE - YEPPPOON

As first time retailers, we had never set up a store but after a phone call to Apex we felt at ease. With an empty 400m² shell, it wasn't a little job. The whole experience from beginning to end ran without a hitch, and the final product was better than I could have imagined.

CHRISTINE, THE BLING THING - MARYBOROUGH

Great company to deal with. Top products, excellent staff & quick dispatch.

RACHEL, ADAVERA FOOTWEAR - PADDINGTON

Fantastic, helpful staff, excellent attention to detail. They really cared about helping me realise my dream shoe shop fit out on a budget. I would definitely recommend Apex to anyone.

GRAHAM, CITY BEACH - BRISBANE

Not only in ensuring prompt and efficient delivery of ordered items at very competitive pricing, but their ability to source products and provide effective visual merchandising solutions is unsurpassed.

REBECCA, POCO POSY - BRISBANE

Kelsey, was so incredibly helpful! She was very knowledgeable with all products & made the transaction so easy. I'll definitely be using Apex Display again. Thank you.

SID, PHONE BUZZ - BENOWA GARDENS

The displays were beautiful, and easy to assemble. The staff were helpful with creating 3D designs and how the store might look.

KELLY-ANNE, KELK STYLING - WYONG

Apex were amazing helping me set up my shop in Wyong NSW. They sent me through design pictures of what the set up would look like and were always quick to answer any questions. Completely stoked with everything I ordered!

SAJAT, SPORTSMANS WAREHOUSE - GUNGAHLIN

We were impressed by the level of service and attention to detail they offered. When the fittings were delivered we found exactly what we had been promised; very high quality products that were much easier to assemble and much more durable than we had from other suppliers.

EREZ, NEW HORIZONS - ABBOTSFORD

Easy to deal with, very helpful, service A1 and good pricing was my experience with Apex Displays. The process was seamless and the end result was exactly what we expected. Good job guys and special thanks to Steve Reoch for going to extra effort.

Trading with Apex Display

Terms & Conditions

CUSTOM PRODUCTS

We require deposits for all customized products, custom solutions and installations. The deposit value will be discussed during our proposal to you. Custom orders cannot commence and lead times will not begin until payment of the deposit has been received. We are unable to offer exchanges, refunds or credits on custom products, custom solutions or freight.

DELIVERY

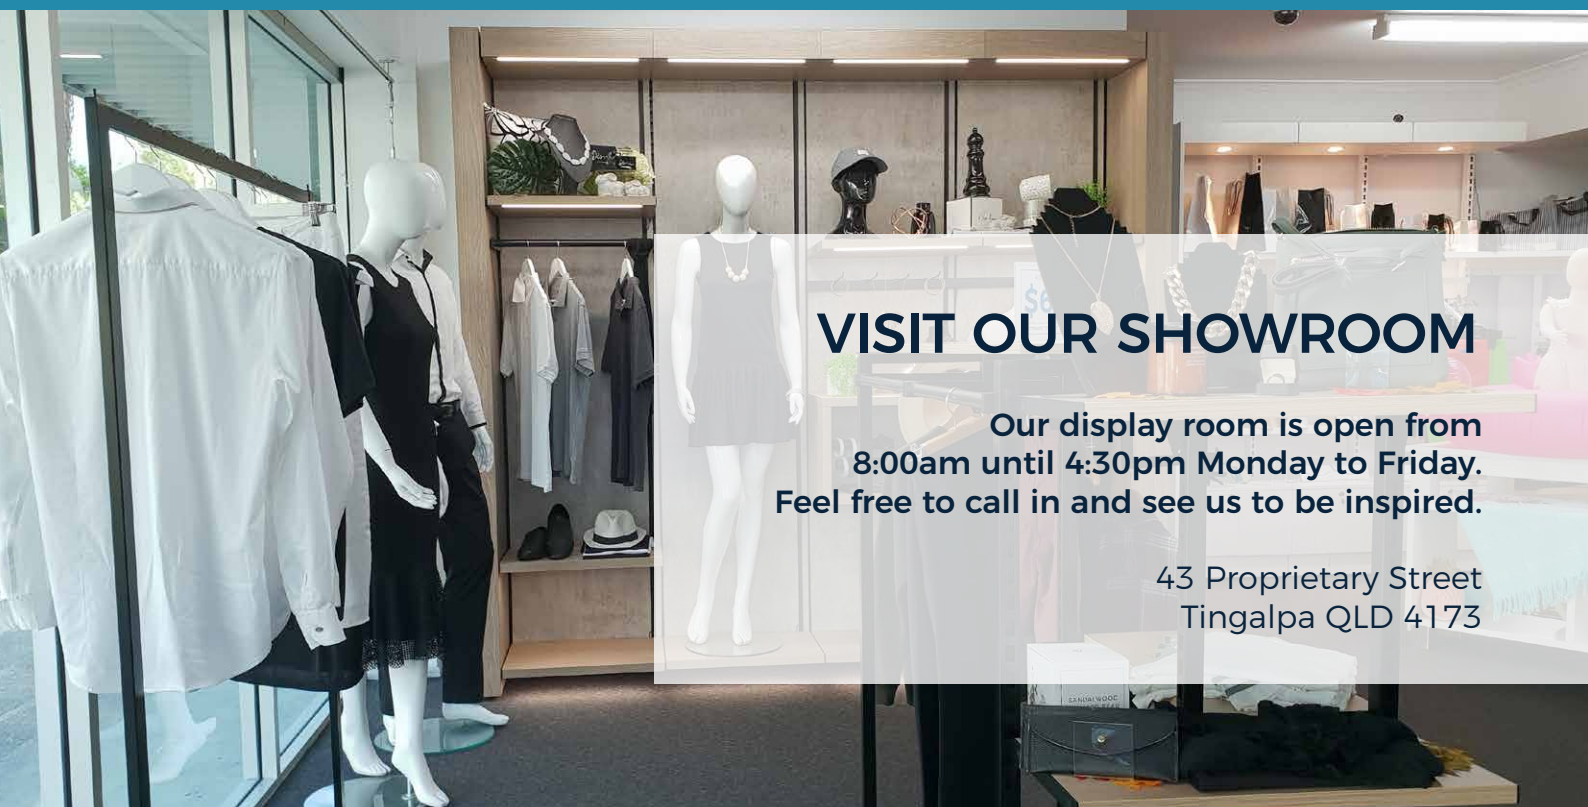

Delivery of large orders such as shopfitouts to small retail stores and shopping centres can often be a challenge. Please assist us with any specific details such as unloading times, forklift and / or availability of assistance to ensure your order is delivered safely as soon as possible. We will take all care to organize and convey the information to carriers but cannot guarantee delivery times as this is outside our control.

All prices displayed in this catalogue are correct at time of printing and are subject to change without notice. All prices exclude GST & delivery. E & OE.

Full terms and conditions can be found online at apexdisplay.com.au
